

WORKING TOGETHER

Roommate Talking Points

Living together means we are a team/unit.

Our goal is to stay healthy and look out for one another while living in a common space and having shared contact.

Each of us has a role in keeping our shared living space clean and safe.

To stay safe, let's discuss...

Living Space Guidelines

Be respectful and mindful of your fellow roommates. Practice distancing even when sharing a dwelling.

Socializing

Keep distance, 6 feet.

Essential Errands

When grocery shopping, getting gas, take-out discuss safety measures.

Guests/Visitors

What is the guest policy? Will guests be allowed?

Masks

What is my stance on the wearing of face coverings? Will it effect my roommates?

Quarantining

If a roommate tests positive for COVID-19, what is the plan of action?

Hygiene

Practice good hand hygiene by washing your hands with soap and water or using hand sanitizer.

Cleaning

Practice routine cleaning of frequently touched surfaces (ie: tables, knobs, handles, light switches, etc.).

We are one UConn, let's work together.
